World Class Innovative Environmental Products

ENVIRONMENTAL PROTECTION

- Erosion / Scour protection
- Sediment Control
- Pollution Control

EARTH RETENTION & STABILISATION

- Earth Retention – Mass Gravity Structures; Reinforced Earth Structures
- Slope Stabilisation
- Riverway & Coastal Protection
- Pavement Reinforcement
- Drainage

STORMWATER MANAGEMENT

- Pollution Control
- Sediment Control
- Dewatering

PRODUCT RANGE INCLUDES

- Gabions & Mattresses - Geotextiles - Geogrids - Drainage Systems - Erosion Control Mats - Silt Control Devices - Site Preparation Products
- Ecoflex Systems – Retaining Walls; Pavement Reinforcement; Erosion Control
- Soil Anchoring Systems
- **Road Compaction Binder/Stabiliser & Dust Suppression Polymers**
- Pollution Control & Spill Kit devices
- Water Retention Products
- Stayturf
- Gross Pollutant Traps
